**TEMPLE DE LA RENOMMÉE DU HOCKEY 80+**

## 80+ Hockey Hall of Fame – What's New

---

### Resuming Our Activities

The Board of Directors is pleased to provide this update on our continued and expanding operations including organizing and executing Induction Ceremonies across Canada. Despite the setbacks of the pandemic, we have remained actively committed to our mandate and goals.

In the past couple of months, we have participated in Induction Ceremonies in Nova Scotia (specialty event) and Saskatchewan (Saskatoon 2022 Induction Ceremony). Look for more details on these events in upcoming News Bulletins.

Throughout the COVID crisis, the Board has been meeting (virtually of course) to ensure that we have a strong business continuity plan in place. Although solicitation for support and sponsorships had to be put on the back-burner for almost two years, we are now ready to engage in these activities again.

Our commitment is to ensure that any and all eligible players in their induction year (year of their 80<sup>th</sup> birthday), will have the opportunity to be nominated and recognized at one of the upcoming Induction Ceremonies. Our database of candidates and upcoming eligible players is continually being updated.

Rest assured that the Hall of Fame is growing and we are expecting to organize and attend several events across Canada in the coming year. Check the website for updated with news, photos and calendar of upcoming events.

Please check the website frequently and do not hesitate to contact any of the Directors if you have questions or suggestions. [www.hockey80plus.com](http://www.hockey80plus.com)
